

The 21st Annual
Contemporary
Therapeutic Issues in
Cardiovascular
Disease

Objectives

This program will provide practicing pharmacists with an opportunity to obtain a more comprehensive understanding of therapeutic issues in cardiac and vascular disease, to enable them to contribute positively to patient outcomes. Interactive workshop sessions will allow participants to apply newly acquired knowledge.

Registration

There is a non-refundable registration fee of \$125. This includes program educational materials, refreshments and meals.

The final registration day is **April 27, 2018**. Registration is accepted on a first come, first served basis. Please note that space is limited.

Registration will be accepted only upon receipt of the completed registration form and payment. (Please see registration form on page # 3 for details)

Accommodation

Registrants are responsible for arranging their own accommodation if required. Email Peggy Kee for suggestions at peggy.kee@sunnybrook.ca
